Neil,

I forgot to say - it would be great if you could keep me informed about your Nafion studies.

I am glad that you are doing these important studies!

Best regards,

Gloria

Hi Gloria,

I truly enjoyed and appreciated the talk you gave today – and it was a pleasure speaking with you. The thorough evaluations that obviously went into the formulation of your conclusions were exactly what is needed in environmental situations like these. If it's all right with you, I'll keep you informed about our studies with Nafion Byproduct 2.

Regards,

Neil

Ken,

It was great to meet you today. Thanks so much for all of your help with my talk, and for your hospitality and the "Atlantic City" snacks!

The PDF of the final version of my PPT is attached. It can be shared within USEPA and with the states who listened to my talk.

Thanks again!

Best regards,

Gloria
